Although science and technology will continue to advance, the most significant improvements in the quality of people's life have already taken place.

9月考题预测 (加亮题目为本月重点预测题)

➤ Education

1. Some first year college students do not have good study habits. Some people believe that colleges should provide all of the first year students with a required course to develop their good study habits. Other people believe that providing this kind of course is unnecessary. What is your opinion and why?

2. Do you agree or disagree with the following statement?

It is easier for parents to raise children today than it was 50 years ago?

3. Do you agree or disagree with the following statement?

Parents should limit their children's hours of using electronic devices such as video games and televisions.

4. Some university teachers prefer to record their lectures before classes. In this way, students will be familiar with the lecture in advance and teachers help students practice in classes while they are watching or listening lectures. Do you think it is an effective way to learn?

5. Rather than help their children do schoolwork, parents should encourage their children do their homework independently.

6. Most adults believe that modern children (5-10 years old) behave worse than those in the past. What action parents should take do you think will have the most positive effect on children to help them behave better like respecting and treating others kindly?

1) limit the types of the TV programs and movies they watch

2) spend more time talking with children

3) supervise and monitor children while they are playing with their friends

Use specific reasons and examples to support your answer.

7. High school students should be required to study many different subjects at same time or they should study only three or four subjects at a time.
8. Students in a university club want to help others, but they can only choose one project a year, which one of the following is the best?
 - 1) help those students in a nearby primary school with reading and mathematics
 - 2) help people who cannot afford to build or rent a home to build a house
 - 3) visit and assist elderly people with daily tasks
10. Some teenagers take part in kinds of activities, such as musical classes, sports classes and so on, but others only focus on one activity which is important to them. Which idea do you support?
11. A city wants to help teachers of its high school students (age14-18) improve their teaching. It is considering two plans:
 - 1) Choose a small group of excellent teachers; these teachers will attend a class led by an expert for additional training in how to teach effectively, and they will then come back to their schools and provide that training for other teachers in school.

2) Provide additional training in teaching effectively for high school teachers, using online material that each teacher will study individually.

12. A lot of high school students now cheat in homework assignments, by asking other students for answers. Which of the following do you think is the most efficient way to stop?

- 1) asking parents to help stop the students from cheating
- 2) penalty or punishment to the students
- 3) asking teacher to create homework assignment that cannot be easily cheated

13. If you are going to graduate from the university and have to choose the final course, which professor will you choose? The one you used to sign up for courses or the one you have never learned from before?

14. As a student of university that has a long break between university semesters, the university requires all students to do one of the following for one month during the break:

- 1) Students must take a course on the subject that has no direct connection to their majors of study.

- 2) Students must volunteer to work in the city where the university is located or their hometowns to improve some aspects of life of the city or their own town. Which one do you think is more beneficial for students in their university. Why?

15. At some universities, students take part in making decisions about the issues that affect daily life of everyone on campus, such as how many hours that the libraries should be open each day or what kinds of food should be served in the cafeteria. But at some universities, experts are hired to make these decisions, students almost never involved. Which approach do you prefer and why.

16. Students aged 13-18 are taught different subjects by different teachers while younger students are taught by only one teacher all day long. Some people suggest it would benefit young students to be taught by different teachers. Do you agree with this view? Why or why not?

17. If one of your friends has the opportunity to study in either one of two majors, which one of the following majors you will recommend:

1) A major that would allow your friend to complete studies and get a degree faster (so that he or she can get a full time job sooner)

2) A major that would require longer time to study, but can make it more likely to get better employment opportunities and job offers in the future

Use specific reasons and examples to support your answer.

➤ **Work & Success**

1. Do you agree or disagree with the following statement?

Taking a lot of time to make an important decision is often considered as a bad quality for a person. But in fact, it is a good quality for a person to have.

2. Do you agree that it is better to work for business owned by someone else than to work for the business of one's own family.

3. Some people have ambitious dreams and keep pursuing them, but other people always focus on realistic goals and try to achieve them. Which do you think is better and why?

4. In order to get a higher promotion and salary, many people chose to improve their job performance in two ways. Which one do you prefer? Why?

-To do additional work and assignments

-To actively participate in the group work
