### Prompt:

Describe a person who is good at his or her job. You should say:

Who this person is

What his or her job is

How he or she likes the job

and explain why this person is good at the job

I guess I could get the ball rolling by saying that my father is one of those people I'd consider to be truly **dedicated to** their job. Even though being a physician can be really stressful at times, he has always been adept at handling these situations and enjoys making a difference in people's lives.

My father is a neurologist at an outpatient clinic, but sometimes he also works in the inpatient wards or emergency room at the hospital. As a neurologist, he treats diseases of the nervous system, like strokes, Alzheimer's, dementia, and muscular dystrophy. His patients are generally older, as the elderly **tend to be more at risk** for these disorders.

Moving on to the question of how my father likes the job, I'd say that it's probably a mixed bag at times, but it's definitely a meaningful and rewarding career. I mean, on one hand, he often has a **hectic schedule**, with countless patients to see and all kinds of

diseases to diagnose, and he's on call several times a month. It can also be heartbreaking to see patients with terminal illnesses fight a losing battle for their lives. On the other hand, it's incredibly gratifying for him to see a patient gradually recover, and to know that he played a part in their healing process.

Finally, as for why my father is good at the job, he's very knowledgeable and analytical, and he even compares being a doctor to being a detective—you collect all the “clues” or pieces of the puzzle, like the medical history of the patient, the laboratory tests, the **vital signs**, and you piece everything together to **come up with** a diagnosis. Also, my father is a really kind and patient person, so patients always feel comfortable around him.

To wrap things up, I **look up to** my father as someone who truly cares about helping others, and being a physician allows him to do just that.

**dedicated to**

**tend to do something**

**at risk**

**hectic schedule**

**vital sign**

**come up with**

**look up to**

范文解析：这是一篇非常典型的使用了 Expand Strategy ( 扩展技巧 ) 和 FBS Strategy ( 流畅性技巧 ) 结合的口语范文。这篇文章整体是按照四个 helping questions 的顺序进行叙述的。helping questions 即为题卡中关于 the person who is good at his or her job 的四个问题。并且，作者在每段引入话题的时候使用了流畅性技巧的结构，比如第三段作者对于 how he or her like the job 这个问题使用了 opening phrase + helping question , linking phrase + details 的流畅性技巧的结构来进行回答。但是整体的答题结构是属于扩充技巧的。Expand Strategy ( 扩展技巧 ) 和 FBS Strategy ( 流畅性技巧 ) 的结合打破了框架化的答题形式，是帮助考生获取高分的技能之一。这个综合性的技巧在启德 2019 雅思标准化教材的强化段第七课有详细的讲解和练习，其他的口试技巧也会在标准化教材中有详细的讲解，如果大家想学习更多关于雅思口语的内容，欢迎大家来启德上课。
